

Make co-parenting easier with better communication

Take the stress out of communicating

Secure Messaging — Send messages that you and your co-parent cannot edit or delete.

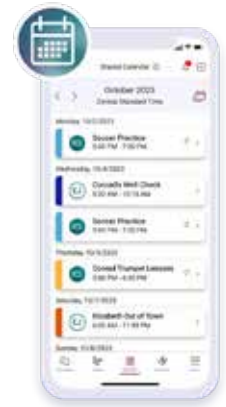

All messages and read receipts are timestamped, allowing you to see when your co-parent sent or viewed a message. Easily upload file attachments with any message.

Stay in sync and organized

Shared Calendar — Keep track of your child's schedule.

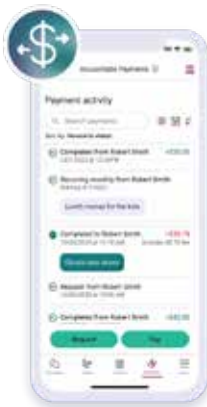

Create single events for appointments and repeating events for custody schedules.

Shared co-parenting expenses just got easier

Accountable PaymentsSM — Send and receive payments securely while keeping your bank account information private.

With all requests and payments timestamped, confusion over who paid what is a thing of the past. You can schedule one time or monthly recurring payments.

Peace-of-mind with ease and accountability

Accountable CallingSM — Communicate with your co-parent and child.

Make video or voice calls, complete with call recordings and transcripts.

Resolve conflicts with court-admissable Records

Unalterable Records — Maintain a complete view of all in-app actions.

Electronically Certified PDF and Printed Records are available and include a Digital Signature and a unique 16-digit Authentication Code that verify the Record is genuine and is not modified in any way.

 Your co-parent will never see your phone number, email address, or banking information.

As Seen In

Co-Parent Confidently

TalkingParents strives to increase family harmony through better communication and transparency. Conceived by a Family Law Attorney searching for a service that enables co-parents to keep a single, complete, and unalterable record of communications admissible in court, TalkingParents has helped over half a million families find support and peace of mind.

“ The app has helped me control my attitude and improve my patience. It’s really helped change my thoughts from negative to positive, even through my child’s struggles and when adversity is going on. ”

—**Corey Gulley,**
Real Co-Parent

“ Thanks to TalkingParents my kids are not affected by the tense, hostile, toxic communication patterns that once existed. ”

—**Meghan Kelly,**
Real Co-Parent

“ Love the app! This has been a very useful tool when it comes to documenting information ”

“ It’s AMAZING, it’s the solution I so badly needed, it’s affordable & so easy to use. ”

Get started for FREE today!

- Risk-free 30-day trial
- 3 plans to choose from—find the best option for you!
- Co-parents do not have to be on the same plan
- Monthly subscriptions make it easy to modify your plan at any time
- Although TalkingParents is not actively monitored, in-app actions are documented to a court-admissible Record
